Environmental Policy

Policy 200.01

Rev 12/30/22

	<i>EHS Policy</i>	Control #	200.01
	ENVIRONMENTAL POLICY	Rev. Date	12/30/22

1.0 Scope

1.1 Petrosmith is committed to operating all facilities in accordance with company environmental policies and all applicable legal requirements. It is our policy to seek continual improvement throughout our operations to lessen our impact on the environment.

2.0 General

Through implementation of this policy, Petrosmith has committed to:

2.1 Compliance with regulation

- Comply with applicable Federal, state and local laws, statutes, regulations and other environmental requirements.

2.2 Develop environmental programs

- Develop and maintain environmental programs with targets to minimize adverse environmental impacts.
- Maintain policies and processes for the efficient use, tracking, storage and disposal of hazardous and toxic materials.

2.3 Continually improve

- Continually seek to improve environmental performance and effectiveness of our program.

2.4 Pollution Prevention

- Implement effective pollution prevention and waste minimization programs to reduce, reuse, and recycle materials.

2.5 Reduce Waste

- Ensure that energy and water are used responsibly and conserved through innovative practices and procedures.
- Aim to minimize waste generation and the potential release of pollutants into the environment through source reduction, developing recycling programs and through treatment and disposal.

2.6 Conserve Energy

- Reduce resource consumption by eliminating wasteful practices and promoting efficient use, and by evaluating and implementing conservation measures in existing buildings, processes and operations.

2.7 Resource Recycling

- Petrosmith will analyze waste material and determine effective resource recycling programs.

2.8 Education and Awareness

- Provide ongoing education for employees concerning the importance of environmental responsibility in all operations.
- Petrosmith will provide employees with the knowledge and tools needed to meet the goals of this policy and to actively participate in efforts to prevent negative environmental impacts.
